1. Purdue Owl Writing Lab <https://owl.english.purdue.edu/owl/resource/560/05/>
2. Son of Citation Machine <http://citationmachine.net/index2.php>

The general format for a **book** looks like this:

Author, A. A. (Year of publication). *Title of work: Capital letter also for subtitle*. Location:  
Publisher.

The general format for an **article** looks like this:

Author, A. A., Author, B. B., & Author, C. C. (Year). Title of article. *Title of Periodical*,  
*volume number*(issue number), pages. <http://dx.doi.org/xx.xxx/yyyyy>

### There are a couple rules to remember:

1. The authors should be listed in alphabetical order by last name, followed by their first initial.
2. Only the first letter of the title and subtitle are capitalized
3. The bottom lines of your citation MUST HAVE a hanging indent. This means that any line not the first one are indented 1/2 inch more than the first line.
4. Your references should be listed alphabetically by the last name of the first author for each reference.
5. If you have multiple references from the same author list them chronologically.
